A few words from Wenting:

We will embark on a musical journey together. Picture yourself by the tranquil lake at Wallenstadt in Switzerland, the soft melodies echoing the serenity of the surroundings.

Swiftly, we move to a charming French theater, where the vibrant comedy of the “Bouffon”

comes alive in a delightful mix of enchanting notes. Our next destination is Italy, where the

charismatic womanizer Don Juan, both wealthy and playful, graces us with his presence.

Finally, we’ll arrive in Russia, stepping into a lively carnival atmosphere. Imagine the magic

as a skilled magician introduces three puppets with human spirits. The music will unfold a

captivating tale, weaving together love triangles and whimsical stories that will leave us entranced.
